Description

VM Slider Pro (VirtueMart Product Slider)

VM Slider Pro is a high-performance product slider module built exclusively for Joomla 5 and VirtueMart 4+. Designed to combine elegance and speed, it delivers a fully responsive, touch-optimized and SEO-friendly slider for showcasing products in the most professional way.

Developed by the [JoomFlix engineering team](#). VM Slider Pro includes an advanced rendering engine, clean markup output and complete control over layout, responsiveness and visual styling — making it one of the most refined VirtueMart sliders available.

? Main Features

- ? Fully responsive, touch-friendly sliding engine
- ? Powered by **Swiper.js** for smooth transitions
- ? Supports grid mode, single-item mode and multi-slide carousels
- ? Clean product cards with price, image, name & custom badges

- ? Dynamic loading & lazy loading options for maximum performance
- ? Auto-play mode with speed, pause and timing controls
- ? Custom breakpoints for tablet & mobile optimization
- ? Multi-language ready (12 languages included)
- ? Perfect compatibility with Joomla 5 & VirtueMart 4+

? Why Choose VM Slider Pro

- ? Lightweight module with minimal footprint
- ? Clean and elegant front-end output matching any template
- ? Extremely smooth animations (GPU-accelerated)
- ? Fully customizable layout, colors and slider behavior
- ? Built-in compatibility with VirtueMart product pricing system
- ? Integrated JoomFix License & Update Server
- ? Zero conflicts with Helix, T4, SP Page Builder or page builders

VM Slider Pro for Joomla 5 & VirtueMart

A high-performance product slider — elegant, responsive and built for conversions.
